Pro Series™ 550 Select Blend Ice Melter *A high quality performance blend*

Safe Step Pro Series 550 Select Blend maximizes the effectiveness of its ingredients through an exclusive blending process. Safe Step Pro Series 550 Select Blend is a high-quality, cost-efficient solution.

Pro Series™ 750 Magnesium Chloride Ice Melter *Powerful to extreme temperatures, yet gentle on the environment*

One of the most environmentally friendly ice melters on the market, Safe Step Pro Series 750 Magnesium Chloride melts ice down to -25°F/-32°C. Designed with a unique crystal shape it provides the optimum combination of ice penetration and scatter control. Safe for people, vegetation and pets, Safe Step Pro Series 750 Magnesium Chloride is the ideal alternative to calcium chloride.

Pro Series™ 950 Original Ice Melter *Premium ice melting power, longer lasting results*

Safe Step Pro Series 950 Original utilizes our patented blending process to combine our most powerful ice melting catalyst, MG 104®, together with multiple ice melting ingredients. This premium ice melter helps prevent refreezing up to 2 ½ times longer than conventional melters. Safe Step Pro Series 950 Original is safe for people, vegetation and pets when used as directed.
