MANAGE YOUR CUSTOM PRESCRIPTION SAFETY EYEWEAR PROGRAM WITH EASE

Eyesight is a precious commodity, let IBT help protect it. IBT's vision program affords companies the flexibility to provide employees with safety, functionality and style in their prescription safety eyeglasses while remaining cost-effective.

We partner with the world's largest and most prestigious optical companies to provide you with the very best in prescription safety eye wear. Our dispensing panel includes thousands of eye care professionals that can fit your employees on-site or in their office. They will ensure your employees' eyes stay healthy and fit them with lenses that represent the latest technological advances in visual ergonomics. After all, better vision equals more productive employees. Ask your IBT sales representative about the Occupational Vision Program or call IBT at 1-800-332-2114 for more information.
